Getting the Most out of Your Internship

Internships are all about developing skills -- and academic insights -- in new settings, languages and cultures.

Our internships are designed for serious students seeking a non-traditional learning experience. For six to seven hours a day students will split their time between:

- experiential learning at the field site (work experience),
- a field site research project designed by the student,
- supporting language study (prior knowledge of Italian is not required).

Our Internship Team

Students work with:

- an onsite internship mentor,
- the GLi Academic Director supervising research projects,
- GLi staff available throughout the program to respond to student concerns or needs.

Internship Dates

Dates*	Application Deadlines
May 29 to June 25	March 31, 2017
June 26 to July 23	April 30, 2017
August 21 to Sept 17	June 30, 2017
Feb 12 to March 9	December 15, 2017

*Minimum of 6 students required. Contact us if other dates are preferred.

Exploring Food Cultures

Responding to the Challenges of
Our Health, Our Planet, Our World

Student Learning Outcomes

Interns will:

- become comfortable living and working in Italy,
- become skilled in speaking daily Italian and in communicating across languages and cultures,
- learn about a field of their choice,
- develop new friendships,
- complete a research project and multimedia presentation.

Accommodations

Housing will be provided by GLi. It may be at the field site, in apartments in Rome, or in other settings (i.e. farms, hotels, host family - if they are working in family food businesses...).

Costs

Program costs vary depending on the length of the internship. Prices include accommodations, some meals including lunch, transportation costs within Italy, and all instructional costs. A four week internship: \$4,322 USD.
