Applications are open for our Summer, Spring & Fall programs

Find out how you can expand your horizons in Italy

The Gustolab staff created an extremely memorable and fulfilling experience for our students. They were able to take our vision for the program and develop a detailed itinerary to facilitate the academic and cultural education of our students. The students were excited to learn about construction and architecture in Rome, Italy and how it compares to practices in the US. The Gustolab Institute provided tremendous support in ensuring our program was completed safely and successfully. Any encountered issues were minor and dealt with swiftly and efficiently. We would highly recommend Gustolab Institute for academic institutions planning programs to Italy.

EJ Ignacio, Director of Global Leaders in Construction Management, University of Illinois at Urbana-Champaign
