

Community Engagement

PROJECTS WITH LOCALS

We believe that interacting with the local community adds value to the study abroad experience, allowing students to put theory into practice and to expand their communication skills. GLi provides a combination of study with several levels of community engagement and volunteering opportunities related to the student's future career goals.

INTERNSHIP PROJECTS

Through our internships students learn how to work in a 'cross-cultural' environment with people from diverse cultures, varying educations, different skills and backgrounds. We strive to find internship opportunities that hold not only an academic value, but that allow the local community to prosper and grow.
