

## Conversation about agri-food industry - Cerealia

Last month, our Director Dr. Sonia Massari participated in the workshop “Conversation about agri-food industry” within Cerealia, the festival of cereals in Rome, Italy. The event was organized by Federazione Italiana Dottori in Agraria e Forestali (FIDAF) along with Associazione Passinsieme. The aim of the workshop was to promote discussion between different stakeholders in the agri-food industry and involved researchers, representatives, producers, consumers, distributors, educators, journalists and associations.

The end goal is the creation of a Manifesto and all materials created towards this end can be found at [www.fidaf.it](http://www.fidaf.it).
