HOUSING - COVID19

This page contains information that is relevant to all students. It will be updated regularly.

- What's included
- Covid-19 procedures

What's included

Gustolab International is pleased to facilitate the housing arrangement process for students with an experienced housing provider in Rome. The housing placement usually comprises shared apartments in two or three central locations in Rome. Students can choose to stay in shared bedrooms (two or three students per bedroom) in apartments or request single rooms for an extra fee. Please see our housing page to learn more.

Covid-19 procedures

Please see the section on health protocols that we will follow as per the Italian government's regulations.

Additionally, we would like to inform you that even though regular cleaning services are provided for common areas such as kitchens, living rooms and bathrooms in the housing provided to students, if quarantined or isolated due to possible Covid-19 infections, students will be responsible for cleaning their own accommodations (cleaning supplies will be provided).

Before the start of the program, students will receive additional information about Covid-19 procedures & housing policies as available.
