

University-Alumni Tours

Gustolab International designs and organizes university alumni tours in collaboration with professors and alumni associations at universities.

An example is the HWS alumni/alumnae and parent trip held in 2013 with tour leaders, Elena Ciletti and Jim Crenner. The program entitled 'Artistic and Culinary Culture in Rome' included: visits and tours of art related sites, and neighborhoods of Rome, a restoration workshop, thematic meals, a lecture on art and food, and an excursion to the countryside of Rome to visit a Slow Food cheese production. Program participants also had a chance to meet and interact with HWS students studying abroad in Rome.

Learn More About our Programs

Semester Programs

GLi partners with the University of Illinois at Urbana-Champaign and Hobart and William Smith Colleges to create customized semester programs. Discover the programs developed from our collaboration. [Learn More](#)

Thematic Short Programs

We design, promote and manage short experiential programs with different universities. Students partake in facilitated study tours that provide direct knowledge from professionals working in the field. [Click Here](#)
