

## Earth Week 2022 & Civic Engagement

To celebrate Earth Week, Gustolab International has organized various civic engagement initiatives for its students in collaboration with local organizations.

Ranging from local neighborhood clean-ups to exploring horticulture and regenerative agriculture as a means of social aggregation and cultural awareness to a beach clean-up, these initiatives are meant to help study abroad students reflect about their role as co-stewards of the environment along with the local community.

These initiatives run parallel to the Illinois EU Studies Conference (“Sustainable Europe”).
