

Euro 199 Smart Cities Spring 2021

How do European cities tackle the world's most pressing problems in a smart and sustainable way?

In Spring 2021, Illinois students can join instructors from Paris, Rome, Vienna & Granada in the online Euro 199 course on Smart Cities.

Through online meetings, expert guest speakers & interactive assignments, Illinois students will have the opportunity to experience Europe from home.

Read or download the course flyer
