

GLi at EU Design Days

Dr. Massari speaks at the 2016 EU Design Days organized by the Errin (European Regions Research & Innovation Network).

She also spoke about a workshop about food scenarios in which our students (from Hobart and William Smith Colleges) participated together with students from ISIA di Pordenone.

EU Design Days, organised by ERRIN's Design and Creativity Working Group, has become an annual high level event, enabling regions and their stakeholders from all over Europe to come together in order to exchange information and know-how about the added value of implementing design as a tool for regional innovation. It gathers over 200 European stakeholders and is seen as one of the most important platforms for design innovation in Brussels. Read more at <http://www.eudesigndays.eu/>
