

# HWS Fall 2021

Gustolab International is happy to announce that we will host the HWS Fall 2021 Faculty-led Program at the HWS Rome Center, Gustolab International Italy.

Led by Professor Christine Chin, the program uses an interdisciplinary approach to explore different aspects of Italian culture and society.

Courses and program-related activities are arranged in partnership with Scuola Leonardo da Vinci. In addition to three courses in Rome, the students and faculty will travel south to Naples and north into the Veneto Region.
